

- May 2007** Together with A. Hedenström, C. Johansson, M. Wolf, Y. Winter, G.R. Spedding
Bat flight generates complex aerodynamic tracks
In Science, Bd.316, S. 894
- July 2008** Together with C. Johansson, M. Wolf, Y. Winter, G.R.Spedding, A. Hedenström
The near and far wake of Phallas` long tongued bat (Glossophaga soricina)
In The Journal of Experimental Biology 211, 2909-2918
- February 2009** Together with A. Hedenström, F. Muijres, C.Johansson, Y. Winter, G.R. Spedding
High-speed stereo DPIV measurements of bat wakes flying freely in a wind tunnel
In Experiments in Fluids 46, 923-932
- May 2010** Together with M. Wolf, C. Johansson, Y. Winter, A. Hedenström
Kinematics of flight and the relationship to the vortex wake of Phallas` long tongued bat (Glossophaga soricina)
In The Journal of Experimental Biology 213, 2141-2153
