

**Education**

**Oct 2001 until Mar 2007**

Biology studies at the  
Ludwig-Maximilian-University Munich  
Diploma rerum naturalium

Main subject: Zoology  
Subsidiary subjects: Botanic, Physics, medical Physiology  
Diploma thesis: *Generation of vortex wakes by a nectar feeding bat (Glossophaga soricina) during free flight in a wind tunnel*

**Dec 2005 until Apr 2006**

Diploma thesis experiments at the  
Lund University, Sweden

**Apr 2007 until Sept 2009**

PhD at the Bielefeld University  
Cooperation with the Lund University, Sweden

**Since Oct 2009**

PhD at the Humboldt University Berlin  
Cooperation with the Lund University, Sweden

**Teaching assistance**

**2003**

Biodiversity course

**2006**

Structural design of animals  
Botanic basic practical course  
Physiology practical course

**Conferences**

**June 2009**

SEB, annual main meeting, Glasgow, Scotland

**November 2009**

Bat Migration Symposium, Lund, Sweden

**August 2010**

IBRC, annual meeting, Prague, Czech Republic

**Grants**

**Dec 2005 until Feb 2006**

DAAD - Scholarship for staying abroad during diploma thesis

**Dec 2007 until Dec 2008**

DAAD - Scholarship for PhD students

**Jan 2009 until Mar 2009**

Lund University - Scholarship for foreign researchers

**Apr 2010 until Dec 2010**

FAZIT - Stipend for PhD students
